Tampines Changkat Citizens' Consultative Committee ADOPT-A-BENCH

Terms and Conditions
(As on 1st of July 2013)

The Adopt-A-Bench programme in Tampines Changkat is a special and lasting way to remember a person, to honour those who have made great contributions to society, to present as a unique gift to a loved one, or to celebrate meaningful occasions, such as a family event, special anniversaries, birthdays or milestones in a person's life or career. It can be a hello or thank you to a community group or to the town. It can be an organisation in the community, such as a school, eldercare centre, childcare centre or business, marking an important milestone.

Tampines residents will be able to adopt an existing bench for \$500, or install a new bench for \$1000. Non-Tampines residents will also be able to adopt an existing bench in Tampines Changkat area for \$1000, or install a new bench for \$1500. The bench comes with a dedication plaque with a personal message. You can choose to place the commemorative bench at the person's favourite place, be it at the market, park, or playground in Tampines Changkat, subject to Town Council approval. The term for each commemorative bench is five years, which can be renewed.

By joining this programme, you give support to our Tampines Changkat Nature Centre and the Tampines Changkat Butterfly Garden, which bring nature to our doorstep and bring joy to many. You also help to create a warmer neighbourhood to live in, imbued with a strong sense of belonging and identity, full of great memories with each bench having a story to tell. Your participation in this programme is a valuable contribution to the community that keeps on giving for years to come.

The programme is open to all, with priority given to Tampines Changkat residents and those with links to Tampines Changkat.
